SUMMARY

As a tech enthusiast, I am deeply fascinated by the ever-evolving world of technology and its impact on society. I am passionate about exploring how technology can solve real-world problems and improve our lives and stay in track with the latest advancements.

EXPERIENCE

Academic Solutions Nepal (Remote)

Social Media Designer
May, 2022 - Oct, 2022

Throughout my career as a social media designer, I have gained valuable experience in designing visual content that enhances audience interaction and enhances brand presence across various social media platforms along with a deep understanding of the social media design trends.

EDUCATION

Shree Birendra Secondary School (Syangja)

Secondary Education Examinations
Apr, 2018 - May, 2019

CGPA: 3.80

National School of Sciences (Lainchaur, Kathmandu)

+2, Physical Sciences
Jun, 2019 - Apr, 2021

CGPA: 3.71

Virinchi College (Kumaripati, Lalitpur)

Bachelors in Information Communication and Technology
Jan, 2022 - Present

PROJECTS

Travel Booking Application

As a team leader, my role has been crucial in leading the team members and designing the interface along with documentation. I also get involved in user interactions directly.

Achievements

Workshop Instructor

Conducted a User Interface designing workshop as an instructor associated with Teach to Learn program of Virinchi College.

Volunteer

Successfully volunteered as Quiz Master in National Level BE/IT Entrance Quiz 2078-79 conducted by NS-NB Nepal.

Second Runner Up at Kathfest 2.0 and BPC Hackfest 2024

At both hackathons, I got an opportunity to serve as a backend developer. From designing and optimizing database to collaborating with frontend developer and team members, I ensured smooth flow of data behind the scenes.

Training/Certifications

DataCamp

Introduction to Relational Database in SQL
2023
Completed comprehensive training in Introduction to Relational Databases, demonstrating practical skills in database design, including data querying in SQL Programming
